CARES Act

- CARES Act in approved State Budget//League Success
- Provides \$12/capita for Cities
- SJ = 51,028 (pop) x \$12 = \$612,336 in eligible funding
- Must apply via DOF – DCM Prill has accomplished this
- Cannot be used to backfill lost revenue

CARES Act

- Must be used for COVID related expenses
- City has many related expenses including but not limited to:
 - Equipment for staff to work from home
 - Web equipment/programs like virtual private network
 - Gaiters/masks and personal protection equipment for staff in the field and/or office environment
 - Web development time to create COVID webpage and keep it updated

CARES Act

- Public Oriented Policing and Fire/Parademic calls on related COVID issues
- Only expense items can be applied for – cannot be used to backfill loss of revenue or add new services ...

We cannot count on this State assistance but the City will apply for its share of funds and remain hopeful of getting some

Street Sweeping Program to Resume 8/3/2020

- In mid-March the City Council suspended street sweeping enforcement as a result of the COVID-19 pandemic.
- Enforcement of posted parking restrictions for Street Sweeping Program will resume August 3, 2020.
- On August 3, 2020 citations will be issued to vehicles parked on streets during posted street sweeping times.
- Residents should review the street sweeping signs posted at the entrance of neighborhoods to determine the street sweeping day to avoid fines.
- Street sweeping improves the City by removing trash from the neighborhoods and prevents harmful pollutants from affecting downstream watersheds.

Cooperation is appreciated. If residents have any questions, please contact the City at (951) 487-7330 or visit the City's website for more street sweeping information at sanjacintoca.gov.

Resident Survey

The City of San Jacinto needs to hear from its residents to assist in attracting new retail and business. Developers want to know that the City has a population that will support it. By providing feedback, the City is able to use that to attract and prove to developers that our residents will support it coming to town.

Tara Magner has designed & coordinated the survey. Cynthia Espinosa is pushing out on social media platform.
